SUBCLASS 485 – SKILLED OCCUPATION CONCESSION

The Department has temporarily removed the requirements for Subclass 485 (Temporary Graduate) applicants in the Graduate Work stream to nominate an eligible skilled occupation and to obtain a skills assessment.

This concession is to allow applicants who have studied for occupations that are not on the skills lists to live and work in Australia for a further temporary period. This amendment will provide this temporary concession for applications made between 1 July 2022 and 30 June 2023 (inclusive).

NEW SC 485 REPLACEMENT STREAM

The new Replacement stream introduced on 01st July 2022, allows 485 visa holders to obtain another 485 visa of the same duration as their original 485 visa, if they were unable to stay in Australia for the full duration of their original visa between 1 February 2020 and 14 December 2021.

There are two categories of applicants who will be eligible for the Replacement stream:

- If the applicant was outside Australia when their original 485 visa was granted, they must have entered Australia before 15 December 2021 and subsequently departed before 15 December 2021 while their original visa was in effect; or
- If the applicant was in Australia when their original 485 visa was granted, they must have been outside Australia between 1 February 2020 and 14 December 2021 while their original visa was in effect.

Other eligibility criteria include:

- Apply under the Replacement stream from 1 July 2022 and before 1 January 2027;
- Must hold or have held a 485 visa that was granted before 15 December 2021; and
- The original 485 visa was in effect on or after 1 February 2020.

People who will not be eligible include:

- Those who were on their second 485 visa of the Post-Study Work stream during the travel restriction period; or
- Those who had their 485 visa or a visa granted after the 485 visa cancelled, unless they requested in writing that the Minister cancel their visa or the decision to cancel their visa was overturned by the Tribunal.

AMENDMENTS TO THE JOB READY PROGRAM (JRP)

From 1 July 2022, the Job Ready Program (JRP) will move from a four (4) step program to a three (3) step program. As a result of this key change, no new applications for the Provisional Skills Assessment (PSA) [Step 1 of the JRP] will be accepted after 4.00 pm (AEST) on 30 June 2022. From 1 July 2022, JRP applications will be accepted for the new three step JRP process by selecting the JRP Program Registration and Eligibility option. If you have not started your PSA application before 1 July 2022, you will not be able to apply for a PSA. You will need to apply under the new JRP process on or after 1 July 2022. If you have applied for a PSA outcome before 1 July 2022, your application will be processed, and you will receive your PSA outcome. If you have received a PSA outcome before 1 July 2022, your progress through the JRP will not be affected.
